

## Abike Sebastian

I am a third year law student of the University of Kent and I am based on the Medway Campus. I was on the Medway Law group committee last year and am currently a member of various law societies both on this campus and the Canterbury one.

I intend to provide help and organisation throughout the executive committee, effectively communicating internally, and ensuring that all officers and the president are kept well informed on their tasks ahead through sharp administrative skills.

I aim to maintain a committed and zealous team of officers; Relaying information to the student body and generally being a source of information that you the students can continually rely on.

So if you want to guarantee a smoothly run committee with no mishaps behind the scenes then...

**vote Abike Sebastian for General Secretary.**
